**HOME DEPARTMENT**

**PASSPORTS.**

*Dated, the 15th December 1924.*

No 2011-5867.—In pursuance of the orders contained in the Resolutions of the Government of India in the Home Department, No. 2220-5847, dated the 8th December 1924, the Government of India in Council is pleased to issue the following instructions with regard to certificates of identity.

5. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged, before leaving, to furnish himself with an authentic certificate of identity, in the form appended to this Resolution, signed by one head of the District (or a Presidency Town and in the towns of Bangalore, the Commissioner of Police) in the case of residents of British India, and by the Police Officer in the case of residents of Native States. In the case of a student the certificate should be signed by the head of his host school or college and countersigned by the District Officer (in a Presidency Town and in the towns of Bangalore, the Commissioner of Police) or Police Officer (in the case of a Native State).

Applicants for assistance by destitute Indians who desire repatriation, and by students who, owing to unforeseen circumstances, are unable to complete their course of education except by doing so, will, satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them social and other assistance.

Those who are destitute, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of right, on the ground that he is a British subject, and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability, is not sufficient to ensure that a passport will be granted.

*Form of Certificate of Identity.*

1. Name of applicant \_\_\_\_\_
2. Father's name and rank \_\_\_\_\_
3. Residence \_\_\_\_\_
4. Age of applicant \_\_\_\_\_
5. Nationality of applicant\* \_\_\_\_\_
6. Social or pecuniary status of father or (guardian) \_\_\_\_\_
7. Date of probable departure of applicant from India \_\_\_\_\_
8. Object of applicant's visit to England (Overseas) \_\_\_\_\_

*Signature of District Officer (in a Presidency Town, the Commissioner of Police or Police Officer, or head of school or college.)*

*Dated* \_\_\_\_\_

\* I.e., whether a British subject by birth or by naturalisation or a subject of a Native State.

† Certificates given by the District or Police Officer should be obtained on certificate signed by heads of schools or colleges.

Note.—Holders of certificates of identity intending to apply subsequently in England or elsewhere for a passport, in such a foreign country are warned that no person is entitled to a passport as of right on the sole ground that he is a British subject. The production of a certificate of identity, therefore, will not, probably be sufficient to secure the grant of a passport, unless it is supplemented by documentary evidence of respectability, as issued by a local Government, or other evidence acceptable to those passport authorities in the foreign country that the holder has fit and proper means to secure a passport.

## NOTIFICATIONS.

*Port St. George, December 22, 1924 (G.O. No. 1975, P.M.).*

No. 16.—The following Government Order is published for information:—

3. The decline in the success rate of vaccination operations in the Presidency for some time past has been a matter of some concern to the Government. The use of lymph as soon after receipt as possible is the best solution of the problem; but that it is impossible under the climatic conditions of the Presidency which necessitate interrupted attendance and absence of lymph.

4. In 1920, the Director of the King Institute, Coimbatore, recommended that glycerine lymph prepared by the chloroform method should be substituted for the Jaulins lymph which was then being issued from the King Institute. In his annual report of 1923 reviewed in G.O. No. 1421, P.M., dated 24th October 1923, he dealt with the question of the comparative value of Jaulins and glycerine as vehicles for vaccine lymph, without any further treatment and suggested that the best method of purification should be left over for further investigation.

5. Experiments have been conducted during the last three years and various methods of purifying vaccine lymph have been tested under conditions which generally obtain in the Presidency. The work shows that glycerine lymph without any particular treatment is purified to a satisfactory degree within four days of exposure to the temperature commonly prevailing in the Presidency. As the amount of dextrin in the lymph prepared by glycerine is a serious factor in all methods of purification, and as the more rapid methods of purification may produce further deterioration, the Director has come to the conclusion that there is no advantage in retaining any of these rapid methods. He therefore recommends that no special means of purification be resorted to and that untreated glycerine lymph may be used for vaccination throughout the Presidency. The Surgeon-General recommends that the conclusion of the Director may be accepted, as final. The only type of lymph issued in 1923-24 was glycerine lymph, and the result was a great improvement in the success of previous years. The Government accordingly accept the Surgeon-General's recommendations.

6. The Government congratulate the staff of the Institute on the success of the experiments and they take this opportunity of thanking Lord Colonel J. Cunningham, I.M.S., for the efficient manner in which he has conducted the investigation.

*Port St. George, December 4, 1924 (G.O. No. 1974, P.M.).*

[Medical certificates granted by registered medical practitioners—Amputation without counter-signature of district surgeon—Rule revised.]

No. 11.—In G.O. No. 663, Public, dated 22nd May 1916, it was ordered that medical certificates granted to Government servants by registered medical practitioners should, in the absence of special circumstances, be accepted by heads of offices without counter-signature and that in doubtful and special cases, the head of an office may require the counter-signature of the district surgeon or the production of a second medical certificate from another registered medical practitioner.

2. Complaints have been received from some heads of offices to the effect that the privilege of obtaining leave on medical certificates granted by registered practitioners is abused and that in consequence heads of offices, especially in the Presidency towns, experience considerable difficulty in controlling their staff or maintaining discipline.

3. The Government consider that some modification of the rule is necessary in order to minimise the evil referred to above. They are accordingly pleased to declare that the head of an office will be at liberty to decline to accept without the counter-signature of the district surgeon any medical certificate unless it has been issued in compliance with a requisition from him. G.O. No. 928, Public, dated 22nd May 1916, is modified accordingly.

*Port St. George, December 25, 1924 (G.O. No. 1984, L. & M.).*

No. 12.—Under sub-section (1) of section 33 of the Madras District Municipalities Act, 1920, municipal councils are entitled to have the remarks of Collectors on their administration reports and to offer or make such explanations or observations as they think fit within such time as may be fixed by the Governor in Council.

2. Collectors are requested to send to the municipal councils concerned copies of the remarks made by them on the administration reports at the same time as they forward the reports to Government. Municipal councils will be allowed 15 days from the date of receipt of the Collectors' remarks to offer their explanations or make their observations, if any. If no communication is received from them within the period specified above, it will be presumed that they have no explanations to offer or observations to make.

*Fort St. George, December 12, 1927.*

The key of the ballot box shall also be placed under seal.

12. Every ballot paper shall be in Form No. V and shall have the names of the candidates printed on it in alphabetical order. If there are two candidates of the same name, they shall be distinguished by the addition of their occupation or in some other suitable way.

Ballot papers shall be printed either in English or in the vernacular as the board may decide. They shall be usually numbered, the number being printed on the face of the counterfoil and on the back of the enclosed.

13. Immediately before a ballot paper—that is the counterfoil of Form No. V—is handed over to the voter, the polling officer shall—

(a) initial it on the back;

(b) enter the voter's name and number in the electoral roll on the corresponding counterfoil of Form No. V; and

14. The voter on receiving the ballot paper shall forthwith proceed to the place set apart for the purpose and there mark a cross against the name of the candidate or candidates for whom he intends to vote. He shall then fold up the ballot paper so as to conceal his vote and after showing to the polling officer his (polling officer's) initials thereon put it into the ballot box.

15. (1) If the voter is unable to read the ballot paper or to make a cross thereon, and applies for assistance in doing so, the polling officer shall read it for him and, if so required, mark at his own table and in the presence of the candidates or their polling agents, if any, the ballot paper according to the directions of the voter and give it to him to put in the ballot box.

The candidates and their agents shall have a right to hear the voter's request and to watch the polling officer when he marks the ballot paper.

(2) In the case of any voter whose ballot paper is marked in this manner by the polling officer, a note shall be made on the corresponding counterfoil of Form No. V by the polling officer of the manner why it was so marked.

(2) If more than one cross is placed against any candidate's name, they shall count only as one vote in his favour, provided that the voter has not placed crosses against more candidates than there are members to be elected.

(3) If the cross or any one of the crosses is so placed as to render it doubtful for which candidate such mark is intended to apply, the vote concerned, but not the whole ballot paper in the case where more than one vote may be given, on the same ballot paper, shall be invalid, provided again that the voter has not placed crosses against more candidates than there are members to be elected.

The ballot paper (folded in these rules a folded ballot paper) shall, instead of being put into the ballot box, be given to the polling officer, and endorsed by him with the name of the voter and his number on the electoral roll and set aside in a separate packet and is not to be counted by the president.

The person transferring such ballot paper shall sign his name and address on that list or affix his thumb impression thereto.

20. If any candidate or polling agent dishonestly undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the polling officer may require such person to enter in the list of challenged voters which shall be in Form No. IV-A,

his name and address and if he is unable to write to affix his thumb impression thereto and may further require such person to produce evidence of identification. If such person is being questioned in the manner prescribed in rule 18 answers the first question in the affirmative and the second in the negative, he shall be allowed to vote after as has been referred to the possibility for prosecution. The polling officer shall make a note of the circumstances and of his decision in the list of challenged votes.

21. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot be conveniently used as a ballot paper may, on delivering it to the polling officer and satisfying him of the circumstances, obtain another ballot paper in place of the spent one, the latter one together with its counterfoil being marked as cancelled.

22. Immediately after the close of the poll, the polling officer shall, in the presence of the candidates or their agents, make up into separate packets and seal with his own seal and the seal of each candidate or their agents as may desire to affix their seal—

No. 26.—The following is published for information:—  
Name—the following:—

From the Government-General, F.M. No. 24-25-3329, dated the 11th December 1924,  
to all Heads of Departments.

I have the honour to publish below an amendment to Fundamental Rule 42 embodied by the Secretary of State in Council regarding the grant of leave salary to non-guested Government servants.

*1. Revision of Section 4 of Rule 42 in Council.*—An example of the pattern endorsed by section 24-B of the Government of India Act the Secretary of State for India in Council, with the concurrence of the majority of votes at a meeting held on the 4th October 1924, hereby makes the following amendment of the Fundamental Rules:—

The Rule appended to Fundamental Rule 42 shall be omitted, and after clause (i) of the said rule the following shall be inserted, namely:—

Provided that when a non-guested Government servant takes leave, and

(a) his pay is less than Rs. 500; or

(b) the leave taken does not exceed one month,

his absence pay for the purpose of this rule shall be taken to be the pay which he would draw in the permanent post held subsequently by him at the time taking leave.

2. The effect of the amended rule is that when a non-guested Government servant takes leave and his pay is less than Rs. 500 or the leave taken does not exceed one month, his absence pay for the above rule should be the pay which he would draw in the permanent post held by him subsequently at the time of taking leave, instead of the average pay for the past twelve months or the pay which he was drawing as an acting or temporary incumbent as before.

3. The revised rule takes effect from the 1st October 1924. I would therefore request that all cases of leave may be re-examined and the leave salary regulated according to the permanent pay of the post held by the absence subsequently with effect from the 1st October 1924.

4. The above instructions may, locally, be communicated to all subordinate officers under your control.

Enforcement—No. 25225-2, L. & M., dated 21st December 1924.

Communicated to the Registrar-General of Provinces, President, Corporation of Madras, Presidents of all District Boards and Chairmen of all Municipal Councils and the Principal, School of Indian Medicine, Madras.

*For St. George, Gazette 22, 1924 (P.O. No. 26, 1924, L. & M.).*

## Part IV—Proceedings of the Madras Legislature

### CONTENTS.

Bill No. 1 of 1925.—The Madras District Municipalities (Amendment) Bill, 1925. .. 1

**Bill to be introduced in the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.**

Under rule 20 of the Madras Legislative Council Rules the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

**BILL No. 1 of 1925.**

*A Bill to amend further the District Municipalities Act V of 1923.*

WHEREAS it is expedient to amend the Madras District Municipalities Act, 1923; It is hereby enacted as follows:—

1. This Act may be called the Madras District Municipalities (Amendment) Act, 1925.

2. Section 23 (1) of the Act may be amended wholly as follows:—

If the chairman publishes a notification under section 20 that a tax shall be levied on carriages and animals, he shall levy the said tax by half-yearly instalments on carriages and animals which are kept or let out

for hire by bona fide residents of the municipality, and are of the kinds specified in Schedule IV.

3. For the word 'person' substitute the words 'bona fide resident of a municipality', in section 39 (1) of the Act.

4. An additional sub-clause (k) may be added in section 100 as follows:—

(k) Carriages and animals on which the same tax is levied in any other municipality or local body.

5. For the word 'within' substitute the words 'by bona fide residents of', in section 105 (1) of the Act.

6. The words 'or carts on which the same tax is levied in any other municipality or local body' shall be added after the word 'dealer' in sub-clause (f) of the section 105.

#### STATEMENT OF OBJECTS AND REASONS.

The words 'kept or let out for hire within the municipality' used in sections 69, 79 and 105 of the Act are so ambiguous, that different persons have interpreted them in different ways. The Auditors and Commissioners of Accounts are insisting upon the Municipal Councils to levy vehicle and animal tax on those that are owned by persons residing outside the municipality, on the plea that they are drawn and take in passengers within the municipal limits. Though the above words 'kept or let out for hire within the municipality' appeared in sections 77, 85 of the old District Municipalities Act, 1885, the vehicle and animal tax was not levied on some of vehicles outside the Municipal limits according to the same under section 91 of the old Act by Mr. Murray Harnack, C.M.A., I.C.S., the then Secretary to the Government. He has written 'It is obvious that if a man lives within the municipality he must take out a license for his vehicles, animals, or carts under section 77 or 85 of the Act. But if he lives outside he must pay toll or take out a license under section, 91 (2).' As there is no difference in wording in the two Acts, the order under section 91 of the old Act must hold good in the case of the new Act also.

Most of the cartages that pay tolls in a municipality are from neighboring villages. They generally take in passengers or go to and from the municipality. If the interpretation of the Examiners is adhered to, the villagers themselves will voluntarily apply for licenses in order to escape payment of tolls, which will undoubtedly be a greater amount than the vehicle and animal tax. Thus the toll will lead an untimely gain to a municipality; and the corresponding license which is specially meant for the outside under section 111 (2) will be unnecessary.

When any a municipality is working under deficit balance, and when the Government is contemplating upon passing new bills such as the amendments tax, etc., to enrich the municipal resources, it will be an expense policy to levy the vehicle and animal tax on outside vehicles and upon the traffic to be formed out at some rates thus increasing the deficits of municipalities. And also, in order to evade the tolls and surcharges levied, a person having a motor or any other service from one municipality through another municipality opens a branch in the latter, and applies for vehicle and animal tax for the same vehicle in both the municipalities at the same time.

So the object is bringing this amendment Act is to prevent carriages and animals owned by persons outside the municipal limits from being taxed by the vehicle and animal tax that is solely intended for the home side residents of the municipality, and to prevent carriages and animals from being taxed in two or more adjacent municipalities at one and the same time, and to increase the tolls in municipalities.
